- Completed General Information Sheet (Available at <http://scholarship.TheBOD.church>)
- Current Transcript
- One letter of recommendation from principal, teacher, or educator
- Completed Planning Outline for your service project (Available at <http://scholarship.TheBOD.church>)

A few notes about the Planning Outline for your service project

- Our scholarship is different in that 90% of the work in preparing and applying for this scholarship will be done in the Planning Outline. We determine a winner primarily on how well your planning outline is thought through and put together.
- Please spend your time on this very important piece. We did not put a limit on how much you can include with it because we want you to be creative and thorough.
- Our scholarship winner will be required to carry out this service project with our church on a predetermined date. TheBOD will provide all the funds and labor to help bring your project to life. This process will include all pre-work and a Saturday to be determined where we will carry out the project. As a bonus, we will also document the event and provide you with a video short film of your project that we hope will help assist you in college applications and other scholarship applications.
